MIES VAN DER ROHE. THE ARCHITECTURE OF THE CITY

International Conference | 18-19 October 2019

Politecnico di Milano – AUIC Scuola di Architettura Urbanistica Ingegneria delle Costruzioni,
ABC Department of Architecture, Built environment and Construction engineering

On the 50th anniversary of the death of Ludwig Mies van der Rohe, the Politecnico di Milano, the AUIC School of Architecture and the ABC Department intend to commemorate the Master through an international Conference.

The Conference focuses on the theoretical-design aspects of the complex relationship between architecture and the city in Mies's work which includes the contribution of invited experts who themselves have operatively interacted with the built work of Mies.

The Conference involves also the participation of architects and selected researchers with an open call for papers.

The peer review will include two stages: abstract submission and, subsequently, full paper submission (subject to a double peer review process).

Abstract are due by **11.59 pm** Italian time, **March 31, 2019**.

Information, registration and abstract uploading in website <https://www.conferencemies.polimi.it>
